◎ Research and development of games

• Single player games:

Due to the innovation of its operations and its sales model, the Company's single player game created a historical sales record of over one million sets across the Strait when "Sword and Fairy 5" was launched in 2011. The Company continued to invest in the development of single player games. In 2013, "Sword and Fairy 5: Prequel" and "Xuan Yuan Sword 6" were released. At present, "Sword and Fairy 7" and "Xuan Yuan Sword 7" have been at the later stage of research and development. In 2021, "Empire of Angels 4 switch and PS4 Edition", "Xuan Yuan Sword 7 PS4 and XBOX Edition" (Europe and America), "Richman 10 switch, PS and XBOX Edition" (Asia) and "Paladin's Inn 2 Single Player Game" will be released.

The Company will continue to devote to research and development, establish cooperation with other developers by licensing in terms of mobile game

development, and expand cooperation with various platforms to increase revenue and profit.

◎ IP licensing and pan-entertainment authorization cooperation

Develop new games, TV shows, movies, internet dramas, stage plays, animations, and distribute novels or comics through licensing or collaboration. In 2020, the main product released was "Xuan Yuan Sword: Dragon Dances in Clouds and Mountains" mobile game, "Sword and Fairy Mobile Edition" developed by Kunlun, and "Xuan Yuan Sword: Source of Sword (Mobile)" developed by CMGE. The Company's IP brand will work with more cross-disciplinary companies to create more revenue and profit.

It is expected to launch several mobile games and single player games in 2021, as well as increase the licensing revenue which can assist in the Company's revenue this year.

(III) Major operations & sales policies

The Company's future development will be focused on IP licensing. In addition to gaming products, we will also work with leading companies in various fields, and plan to invest in crafts, book publishing, film television, cultural creativity, digital content, and popular music. The multi-disciplinary industry of music and content will rapidly enhance the brand value of SOFTSTAR and IP. In addition to improving the self-developed R&D capabilities, the product strategy will be increasing the number and quality of products on the market through cooperation, licensing, outsourcing and other product development models. In terms of market strategy, besides the standalone games and online game MMORPGs in the original Chinese and Asian markets, the

Company has also focused on the mobile game industry in recent years. Multi-language, multi-theme and multi-platform operational expansion will extend SOFTSTAR's products to international markets around the world.

IV. Impacts of the external competitive environment, regulatory environment, and overall business environment:

Due to the limited growth of the online game market in Taiwan, there are many competitors in the market. In recent years, with the rapid rise of web games and mobile games, the trend and structure of the game industry have also changed. The Company is one of the few companies in Taiwan that specializes in game research and development and has a well-known IP series. With a close watch on the market, the Company will continue to invest in self-developed products of various platforms and licensing cooperation with international gaming companies through an updated and more flexible business model, creating more and better works. Also, the Company has not seen a significant impact on its financial business due to changes in the domestic and international regulatory environment. The Company's management team will continue to pay attention to relevant regulations that may affect its operations.

In the future, all my colleagues in the Company will keep up with the high expectation of all shareholders, grow the business in a stable and balanced way, and work together to make SUPERSOFT more successful. Finally, I hope that all shareholders will continue to give us support and encouragement. Thank you!

Best wishes

to all shareholders

Auditor Report of Independent Auditors

To SOFTSTAR ENTERTAINMENT INC.

Opinion

We have audited the accompanying consolidated balance sheets of SOFTSTAR ENTERTAINMENT INC. (the “Company”) and its subsidiaries as of December 31, 2020 and 2019, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the years ended December 31, 2020 and 2019, and notes to the consolidated financial statements, including the summary of significant accounting policies (together “the consolidated financial statements”).

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company and its subsidiaries as of December 31, 2020 and 2019, and their consolidated financial performance and cash flows for the years ended December 31, 2020 and 2019, in conformity with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, Interpretations developed by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee as endorsed and became effective by Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its subsidiaries in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China (the “Norm”), and we have fulfilled our other ethical responsibilities in accordance with the Norm. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of 2020 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon we do not provide a separate opinion on these matters.

Revenue Recognition –Royalties

The Company and its subsidiaries' royalties are revenue from licensing its solely developed intellectual property (IP) to others that grant use in game development, game operations and film content. As the circumstances and developed products of each license agreement vary, it is necessary to identify performance obligations and determine whether the licensing nature provides a customer with a right to access the Company and its subsidiaries' IP over time or with a right to use the Company and its subsidiaries' IP at a point in time. Also, it is important to consider the expected development period of the games, game operation cycles, industry practices and historical experiences to estimate the duration of revenue allocation and variable consideration estimation, and to regularly review the reasonableness of estimation assumptions. As the Company and its subsidiaries' recognition of royalties as revenue is significant and requires management judgement, we therefore consider this as a key audit matter.

In response to the risk of material misstatement regarding recognition of royalties, our audit procedures included, but were not limited to:

1. Understanding the approach in which royalty revenue is recognized, evaluating and testing the internal controls regarding the recognition of royalties;
2. Obtaining the license agreements, identifying performance obligations, defining the transaction prices, and determining whether revenues are recognized over time or at a point in time;
3. Obtaining the details of recognition of royalties revenue and confirming whether the performance obligations of the license agreement have been fulfilled; obtaining the details of royalty revenue allocation of games development and confirming the correctness of the development period and royalty revenue allocation stated in the license agreements;
4. Review the reasonableness of the estimated allocation periods and the correctness of the calculation of royalty revenues allocation provided by the Company and its subsidiaries.

We also considered the appropriateness of the consolidated financial statements disclosure regarding royalty revenue and contract liabilities in Note 5 and 6.

Revenue Recognition –Virtual Items

The Company and its subsidiaries have revenue received from online gamers who purchase game points to recharge game credits and subsequently use the credits to buy virtual items. The purchase of game points and recharge of game credits are recorded in a computer server platform. The proceeds received by the Company and its subsidiaries from the sales of game points are initially deferred and revenue is recognized in accordance with the estimated lifetimes of the virtual items after players recharge their game credits and subsequently use the credits to buy virtual items. Management states that the expected lifetimes of the virtual items are the life cycles of the gamers and estimates and calculates the amount of advance proceeds that should be deferred accordingly. Management periodically reviews the reasonableness of the estimate. As the revenue from virtual items of the Company and its subsidiaries is significant and the life cycles of the gamers requires management judgement, it is necessary to judge and determine the performance obligations and the estimation of the timing of satisfaction. Therefore, we consider this as a key audit matter.

In response to the risk of material misstatement regarding virtual items revenue recognition, our audit procedures included, but were not limited to:

1. Understanding the process of allocation and recognition of revenue regarding recharging game credits, and using credits to purchase virtual items;

2. Obtaining the game credit consumption data and revenue calculation sheets for each game, testing samples by confirming the correctness of the calculations, obtaining the recharge records, the game credit consumption records, and the downloaded revenue reports for each platform, and vouching to the calculation sheets of the Company and its subsidiaries' accounts.
3. Obtaining the estimation tables for the life cycle of the gamers to confirm the rationality of the allocation and recognition of revenue of virtual items.

We also considered the appropriateness of the consolidated financial statements disclosure regarding virtual items revenue and contract liabilities in Note 5 and 6.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, Interpretations developed by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee as endorsed by Financial Supervisory Commission of the Republic of China and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the ability to continue as a going concern of the Company and its subsidiaries, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company and its subsidiaries or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee or supervisors, are responsible for overseeing the financial reporting process of the Company and its subsidiaries.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company and its subsidiaries.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability to continue as a going concern of the Company and its subsidiaries. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its subsidiaries to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the accompanying notes, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company and its subsidiaries to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of 2020 consolidated financial statements and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of

such communication.

Other Matter

Auditor Report of Independent Auditors

To SOFTSTAR ENTERTAINMENT INC.

Opinion

We have audited the accompanying parent company only balance sheets of SOFTSTAR ENTERTAINMENT INC. (the “Company”) as of December 31, 2020 and 2019, and the related parent company only statements of comprehensive income, changes in equity and cash flows for the years ended December 31, 2020 and 2019, and notes to the parent company only financial statements, including the summary of significant accounting policies (together “the parent company only financial statements”).

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2020 and 2019, and its financial performance and cash flows for the years ended December 31, 2020 and 2019, in conformity with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Parent Company Only Financial Statements section of our report. We are independent of the Company and in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China (the “Norm”), and we have fulfilled our other ethical responsibilities in accordance with the Norm. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of 2020 parent company only financial statements. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon we do not provide a separate opinion on these matters.

Revenue Recognition –Royalties

The Company’s royalties are revenue from licensing its solely developed intellectual property (IP) to others that grant use in game development, game operations and film content. As the

circumstances and developed products of each license agreement vary, it is necessary to identify performance obligations and determine whether the licensing nature provides a customer with a right to access the Company's IP over time or with a right to use the Company's IP at a point in time. Also, it is important to consider the expected development period of the games, game operation cycles, industry practices and historical experiences to estimate the duration of revenue allocation and variable consideration estimation, and to regularly review the reasonableness of estimation assumptions. As the Company's revenue recognition of royalties is significant and requires management judgement, we therefore consider this as a key audit matter.

In response to the risk of material misstatement regarding recognition of royalties, our audit procedures included, but were not limited to:

1. Understanding the approach in which royalty revenue is recognized, evaluating and testing the internal controls regarding the recognition of royalties;
2. Obtaining the license agreements, identifying performance obligations, defining the transaction prices, and determining whether revenues are recognized over time or at a point in time;
3. Obtaining the details of recognition of royalties and confirming whether the performance obligations of the license agreement have been fulfilled; obtaining the details of royalty revenue allocation of games development and confirming the correctness of the development period and revenue allocation stated in the license agreements;
4. Review the reasonableness of the estimated allocation periods and the correctness of the calculation of royalty revenues allocation provided by the Company.

We also considered the appropriateness of the parent company only financial statements disclosure regarding royalty revenue and contract liabilities in Note 5 and 6.

Responsibilities of Management and Those Charged with Governance for the Parent Company Only Financial Statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the ability to continue as a going concern of the Company, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee or supervisors, are responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the Parent Company Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability to continue as a going concern of the Company. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the accompanying notes, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the parent company only

financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of 2020 parent company only financial statements and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
